

SEEK TO KNOW & WORSHIP YOUR CREATOR AND LORD

SPACE MISSION

NAME

LOGBOOK

3RD - 6TH GRADE

Parents & Astronauts!

Here's what to do *before* coming to
Space Mission every day...

PARENTS

- initial your Astronaut's completed daily **Bible Explorers** reading, starting on page 5
- encourage **memory work**

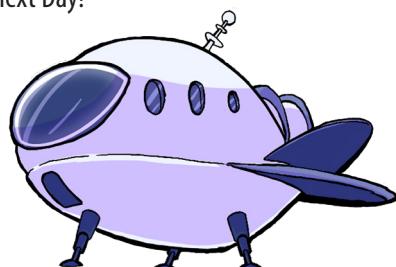

ASTRONAUTS

Go to the each Day and...

- read **Bible Explorers**, starting on page 5
- learn your **memory verses**

- Be sure to read **What Space Mission is All About**, page 1.
- Put your **Logbook** and **Bible in the same spot** each night so you're all set for the next Day!

WHAT SPACE MISSION IS ALL ABOUT

ASTRONAUTS, welcome to Space Mission, an amazing space and time-travel adventure! Your mission is to seek out the Lord of the Universe, Maker of Heaven and Earth, the Creator God who made you and loves you, and who calls you to love and worship Him!

Each day at Space Mission, Astronaut Commander Cosmos or Corona will transport you back in time to Genesis, the beginning of the world! Amazing Space Trek Bible lesson data will reveal God's perfect plan for His creation, how sin entered the world, God's judgment on evil, and His promise of a wonderful Savior, Jesus Christ.

Your Astronaut assignment includes building your own Space Mission Station with stickers as you:

- memorize verses from the Bible (Gospel Presentation!)
- complete worksheets (Space Quest)
- read your Bible (Bible Explo)

Delicious Celestial Snacks and Stellar Sports games will keep you in shape for the flight!

Have a great time on your mission to seek the Living God of the Universe. If you seek Him, He promises you'll find Him, so what happens on this mission can change your life forever! The countdown for Space Mission is about to begin. Astronauts, prepare for Blast Off!

Our Mission: To "know that the Lord, he is God! It is he who made us, and we are his."
—Psalm 100:3

Our Trust: " By faith we understand that the universe was created by the word of God, so that what is seen was not made out of things that are visible."
—Hebrews 11:3

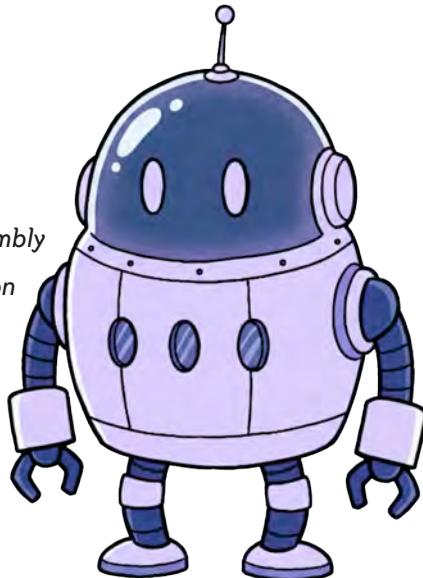

Our Hope: To discover the new Heavens and the new earth, " For he was looking forward to the city that has foundations, whose designer and builder is God." —Hebrews 11:10

Learn these terms to take command of Space Mission's inflight language!

DAY 1

MISSION CONTROL TO ASTRONAUTS!

It's time to blast off! Earn different stickers each day as we travel to meet the amazing Creator and Lord of the Universe!

ASTRONAUTS

Astronaut Equipment

Have your Bible, Logbook (this book).

If you forgot or don't have a Bible, use one your Teacher gives you. If you have one at home, bring it the rest of the week.

Begin Memorizing Psalm 8

¹"O Lord, our Lord, how majestic is your name in all the earth! You have set your glory above the heavens.

²Out of the mouth of babies and infants, you have established strength because of your foes, to still the enemy and the avenger.

³When I look at your heavens, the work of your finger , the moon and the stars, which you have set in place,

⁴ what is man that you are mindful of him, and the son of man that you care for him?

⁵ Yet you have made him a little lower than the heavenly beings[b] and crowned him with glory and honor.

⁶ You have given him dominion over the works of your hands; you have put all things under his feet,

⁷ all sheep and oxen, and also the beasts of the fiel ,

⁸ the birds of the heavens, and the fis of the sea, whatever passes along the paths of the seas.

⁹ O Lord, our Lord, how majestic is your name in all the earth!"

PLANET

Space Quest

Complete your worksheets (pages 6–9) following today's Bible lesson. Remember, *Space Quest* is always done at VBS, after your Bible lesson (not at home!).

METEOR

Bible Explorers

Read page 5 with your small group.

Begin each day of Space Mission reading God's Word, the Bible, then keep it up when Space Mission is finished. God gave us the Bible to guide us every day of our lives!

BIBLE EXPLORATION

Just as astronauts study computer data to guide their missions, examining **these daily Bible** verses will guide you on your Space Mission journey and beyond! Today you will read this in class. After today, read each day's Bible Explo *at home* before coming to VBS, then have an adult initial the button below it.

Your Glory Fills the Skies

"In the beginning, God created the heavens and the earth..."
—Genesis 1:1

"By faith we understand that the universe was created by the word of God" Hebrews 11:3 (italics added)

Even though you weren't there, you can know what happened when the world began because God has told you—and you can take God at His Word! God has told you about the creation of the world in His Word, the Bible, and He wants you to believe the Genesis story *by faith*—believe that what He says in the Bible really happened, even though you didn't see it with your own eyes. This trusting faith pleases God greatly, and makes a huge difference for your life!

As you learn God is so powerful that He made the world out of nothing *just by speaking*, you'll realize that *nothing is impossible with God!* When you believe that God made you, always sees you, and knows exactly what you need, you'll trust and obey Him more and more. Most important, as you understand how much your Creator loves and cares about you, you'll love Him back, want to please Him more than anything else, and want to tell others about the wonderful Creator and Lord of the Universe, Jesus Christ!

Adult's Initials

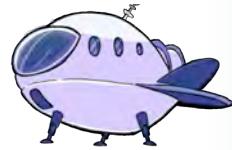

SPACE QUEST

Welcome to Space Quest! Your first mission is to discover how you can know the amazing Creator God who made everything in the universe, including you!

1 Bible Explor Entry

"*By faith* we understand that the universe was created by the word of God..." *Hebrews 11:3*

Fill in the blanks to show what this verse says about believing God's Word.

Because I was not there when God _____ the world, I

must accept by _____ what the

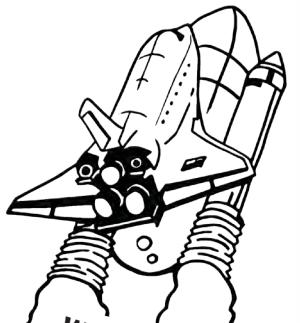

_____ tells me about how the

_____ came to be. This

means I must really _____

God made _____ and

around me.

Word Bank
me
faith
Bible
everything
universe
created
believe

2

Data Entry A

Program your Creation Information System (CIS) by tracing the correct True or False button for each statement on the CIS data panel.

CIS

 T F

The Bible tells me who God is and what He created.

 T F

I should believe God created the universe only if my science teacher says so.

 T F

The best way for me to learn about God is by listening to celebrities on TV.

 T F

I can know God created the universe because He says so in the Bible and God always speaks the truth.

 T F

The creation account in Genesis is just someone's opinion and it doesn't matter if I believe it or not.

 T F

It's foolish to worship created things; only God the Creator is worthy of worship.

 T F

Studying science helps me see how amazing God is.

 T F

Even though I've never seen Abraham Lincoln, gravity, or God, I can be confident they are real.

 T F

God always sees me and cares about everything that happens in my life.

3 Data Entry B

Understanding that everything was made by God for a purpose and is important to Him changes how we live. **Color in the stars that show you understand this!**

Astrocat is my pet. God wants me to love and feed her every day because

animals are just as important as people.

God wants people to take good care of what He has made.

When I'm asked to clean my room, the main reason God wants me to do it (and with a good attitude!) is because

that's one job He gives kids to do to help rule the earth.

if I don't, I'll get in trouble.

The reason I need to use my time wisely is because

that gives me more time to play video games.

time is a gift from God to be used in ways that honor Him.

The reason I shouldn't gossip about the new kid at school is because

everyone is made in God's image and should be treated with kindness and respect.

someone might gossip about me.

4 Data Entry C

Things become idols when we love them more than their Creator. We worship them by devoting our hearts, time, and money to them instead of God.

Put vowels on the meteor on the next page to show some modern-day idols. Launch missiles at the idols you are especially tempted to "bow down to" by drawing the missiles' paths to their target. Then ask God to change your heart!

Daily Space Blog

Write at least 1 new thing you learned about God today.

New Data _____

Data Difference How might God want you to be changed by what you've learned today? Write a prayer asking Him to work in your heart and help you live differently. Be specific! Talk about this with your Teacher, and your parents too!

Dear God, _____

Example: New Data I never thought of life as a gift from God.

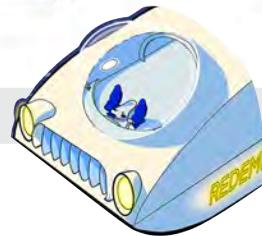

Data Difference Dear God, Please help me appreciate each day you give to me. Help me be thankful instead of complaining or feeling bored. Thank you!

DAY 2

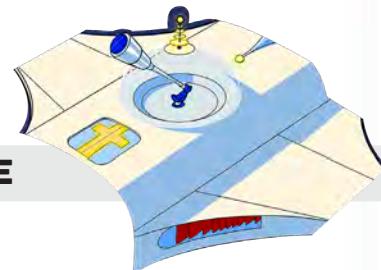

COMMAND MODULE

- Astronaut Equipment**
(Bible, Logbook)

OBSERVATION MODULE

- Continue Memorizing Psalm 8**

PLANET

- Space Quest**, pages 12-15

STARS

- Bible Explorers**, pages 11
- Know Genesis 1:27** from Salvation Flight Plan
